Meeting Agenda:

This meeting/dinner brings the society and board together as our charter mandates to brief the membership on our strength, our activities and what the future holds for 2011... The Board of Trustees have three all day CE seminars, two dinner meetings, and multiple social events planned for 2011. In addition the WDA brings to Madison, the 2011 & 2012 Jewel of the Great Lakes Annual meeting to Monona Terrace this May 12-14. DCDS's first All-Day Seminar will be sponsored at this meeting and as always at not additional cost to members (when registered with special code.)

The Board of Trustee's strives to provide tangible benefits to you and community service thru your dues dollars. The volunteer members of the board of trustees will be in attendance as well as the leadership from our parent, the Wisconsin Dental Association. This is an opportunity to learn where your dues dollars go, how the DCDS plans to make improvements for the electronic age and what Continuing Education and social offerings are available for 2011. WDA President – Dr. Gene Shoemaker, will update us on how Gov. Walker's administration may impact our practices, what issues are pending at the DEB and what the WDA has planned in the next year.
